

TENNIS TOGETHER

Our tournament's guidelines for keeping you safe.

1

We have created a detailed **safety plan** which you can see displayed at the tournament and on our website.

2

We have displayed a **contact tracing** QR code for all players, parents & coaches. Please download and use the government NZ COVID Tracer app.

3

We have **sanitised** all communal surfaces and have regular cleaning procedures in place.

4

Players who win their matches may **keep the balls**. No need to return them to the tournament desk.

5

Gathering restrictions may apply at this venue, so please regularly check Alert Levels. We may restrict numbers so that we can ensure physical distancing of 2m when not playing.

6

We are committed to maintaining a **2m** distance between each person while off court at all times.

7

We have ensured that **match schedules** are phased to avoid gathering occurring at communal points such as entries and car parks.

8

Tournament staff have adapted the **tournament procedures** to ensure adherence to government health and safety guidelines.

9

If you or members of your household are unwell, you should **stay home**.
