

SAFE COACH DECLARATION

ALERT LEVEL 2

We are following correct hygiene and contact tracing practice to fight against COVID-19

Physical distancing

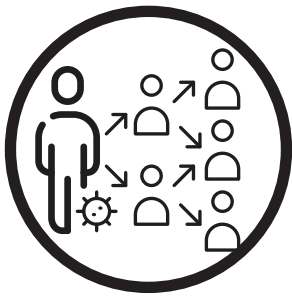

At all times, we make sure:

- players, coaches and spectators are at least 2m apart whilst not playing
- all our staff are spaced apart.

Correct hygiene practices

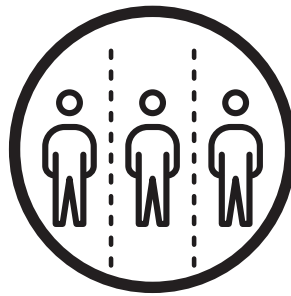

- we wash and dry our hands thoroughly and regularly
- we regularly disinfect and clean surfaces and objects
- we will wear a face covering when we cannot physically distance from others.

Contact tracing

- we record the movements of all our coaches and players
- everyone that is not a coach or player will need to check in and follow contact tracing requirements.

We encourage you to download and use the government NZ COVID Tracer app.

Contactless lessons

- our customers pay online or over the phone where possible
- we aim to deliver contactless lessons, with the intent to have no contact between players and/or coaches
- we limit the use of shared equipment and regularly sanitise equipment we use in lessons.
